

B-LINE MEDICAL LIVE SIMULATION CAPTURE SYSTEM

RECORDING A NEW SESSION

- 1 Visit uq-simman.av.its.uq.edu.au and log in to the Live Capture system using your UQ username and password.
 - If you are unable to log in, please contact help@its.uq.edu.au.
- 2 Select **Start / Join Session**, select the required B-Line recording system from the list of available systems, then select **Done**.
- 3 Select a pre-configured scenario from the **Select Scenario** drop-down menu option, or create a new scenario by selecting **None - Enter Name Below** to create a new scenario.
- 4 Use the tick boxes to select the cameras you wish to use for the recording.
 - If you receive a **No Video Inputs Found** error message, please use the touch panel or controller in the simulation room to power on the AV system, then select the refresh icon.
- 5 Position the cameras correctly using the touch panel or controller within the simulation room. Camera positions can be changed throughout the recording.
- 6 Select recording participants from the list of registered B-Line users, then assign a **Participant Type** to each participant using the drop-down menu next to each name.
- 7 Select **Start Session** to continue.
- 8 Select **Start Recording** to commence recording the session.
 - Use the Annotate button to create markers throughout the recording, in order to mark significant events on the recording timeline.
 - A list of predefined annotations can be found under the **Predefined Annotations** tab.
- 9 Select **Stop Session** to stop recording and finalise the session.

User Name	<input type="text" value="uqusername"/>
Password	<input type="password" value="*****"/>

REVIEWING A RECORDED SESSION

- 1 Visit uq-simman.av.its.uq.edu.au OR uq-simbridge.av.its.uq.edu.au and log in using your UQ username and password.
- 2 Select **Debrief Session** to open a list of past recording sessions, select the required session from the list, then select **Done**.
- 3 Use the Debriefing interface to review the captured video. Select **Done** when finished.
 - Annotations can be added to the timeline by selecting the **Annotate** option. Existing annotations can be edited by double-clicking on the annotation marker within the timeline.
 - Use the **Session Link** option to copy a link for this specific session to your clipboard. This link can be passed on to other B-Line system users and session participants.
